## EDUCATION

---

**Gateway solutions, Sangrur, Punjab, India**  
2018

Computer course – I learnt about basic software like Microsoft word, office, PowerPoint, and Microsoft excel.

Pre- Media Designing – In this course, I have learnt about basic Html, CSS and php.

**Fanshawe College**  
2018-2020

Interactive Media Designing - This course is about designing and developing. Learn adobe Photoshop, illustrator, after effects, 3D cinema, premier pro, and much more designing application software. In coding, I learnt Html, CSS, Sass, php, JavaScript on visual studio code. We used to update our work on GitHub. WordPress, Invision app and much more about designing & developing.

## WORK EXPERIENCE

---

**TRAA [Designer and Developer]**  
2019

Website was rebuilt by using Html and CSS. Photoshop and Illustrator used for enhancing the photos and creating icons and for other graphic designing. It was a client project done in school.

**HIV Campaign [Motion Designer]**  
2020

This campaign is to aware people about HIV through different sources. We build one website and advertise it on social media, through merchandising.

## SKILLS

---

- Familiar with lot of editing techniques in Adobe Photoshop, Illustrator, InDesign, many more
- Pretty good with graphic designing software: after effects, premier pro, 4D Cinema
- Basic knowledge of HTML, CSS3, and JavaScript and Responsive web development.
- Ability to do multiple tasks at one time and manage them properly.
- Designed and developed own portfolio website which is based on web design and it is responsive. I showed my creativeness and imaginations in it.
- Interested to work with team and I can work individually too. I did a lot of assignments with group and individually.
